- Have a **high intention** in your studies. Intend to seek the pleasure of Allah and to draw closer to Him, by learning beneficial knowledge and to act on this knowledge in the best of ways, to bring the Prophetic way to life in your life, and to one day be able to transmit this knowledge to others.
- Keep **renewing your intention** in every lesson
- **Keep up** with the lessons. If you fall behind, catch up. This knowledge is worth seeking.
- **Read** the posted lesson at least 3 times, **Listen** attentively, keep away distractions, take notes, and don't hesitate to ask questions about anything that is unclear.
- Try to review what you've covered periodically. If anything is unclear in the review, ask!
- Keep your **focus** on how you can live this knowledge, bring it into your life, and act upon it with excellence.
- **Thank** Allah for the blessing of seeking knowledge, for the Prophet (Allah bless him and give him peace) said, *"Whoever pursues a path seeking knowledge there, Allah facilitates for them through it a path to Paradise."* [Muslim]
- Please don't forget to set the alarm to remind you of lesson times
- Each of us will need to say "salam" when entering the group and "waradi" when leaving
